A screenshot of a Windows 8.1 desktop. The background shows the Start screen with various tiles. Three system error dialog boxes are overlaid on the screen. Each dialog box has a red 'X' icon and the text: "The program can't start because api-ms-win-crt-runtime-l1-1-0.dll is missing from your computer. Try reinstalling the program to fix this problem." The dialog boxes are titled "Eds.exe - System Error", "Adobe Premiere Pro.exe - System Error", and "DXP.EXE - System Error". Each dialog box has an "OK" button at the bottom right. In the bottom right corner of the screenshot, there is a logo that says "UG & T FIX".

**How to fix
api-ms-win-crt-runtime-l1-1-0.dll
is missing Error?**
